

## TESTIMONIAL

**Ionuț Perța (Babeș-Bolyai University, Faculty of European Studies, outgoing student to University of Macedonia, Department of Balkan Slavic and Oriental Studies September 2019-February 2020)**

I studied at the University of Macedonia in Thessaloniki during the 2019-2020 Fall Semester and I can say that it was a very unique and rewarding experience. I had the opportunity to enhance my knowledge and academic skills, get familiar with a foreign educational system and most importantly I learned a new language. The professors and coordinators at the University of Macedonia were very knowledgeable and provided me with all the help and necessary information.

Living in Thessaloniki for four months was one of the most beautiful experiences I have, especially since I got to know the Greek culture and eat some amazing food. The Erasmus Students Network (ESN) organized different events, trips and parties every week. I have met a lot of new people and made numerous friends Greeks and Erasmus students alike. I am very thankful that I had the opportunity to study there through the Erasmus+ program. I will definitely recommend to every student to go abroad and study with the Erasmus+ program, because it's a once in a lifetime opportunity and it will change your perspective.
